### **Ibrahim Togola, MFC and WWEA**

Ibrahim Togola is Chairman of the Mali-Folkecenter (MFC) and Vice President of World Wind Energy Association (WWEA). He has dedicated his professional life to introducing renewable energy in Mali and in Africa. For this purpose, he has created and managed non-governmental organisations as well as social and commercial businesses. Dr. Togola founded MFC Nyetaa in 1999 and is its Director until today. He is also the co-Founder and Chairman of Nyetaa Finances SA, a private micro-finance institution specialised in financing renewable energy and clean energy services in Mali. Dr. Togola is an engineer and economist with over 17 years of experience working in Africa for public, private and non-profit organisations on project development, monitoring and evaluation, policy on renewable energy and environmental issues. He has implemented projects for the European Union, World Bank, United Nations Development Programme (UNDP), German development bank KfW and national governments to overcome the barriers facing access to sustainable and modern energy services in Africa.
