

**Statements and Publications from IRENA Coalition for Action Members on COVID-19
 (Current as of 6 July 2020)**

Member	Statements	Publications
ABB	<p>How ABB is helping to tackle the coronavirus crisis - CEO message (27-03-2020)</p> <p>COVID-19 update - Group Release (30-03-2020)</p> <p>Update on ABB and COVID-19 - CEO message (05-06-2020)</p>	
Abengoa Solar	<p>Abengoa adapts its activity to the situation created by COVID-19</p>	
Acciona	<p>ACCIONA's response to the coronavirus</p> <p>The post-Covid recovery is an opportunity to accelerate a just transition towards a low-carbon world</p> <p>Wind Power a cornerstone of the Global Economic Recovery: “Re-building Better” for the future</p>	
Alliance for Rural Electrification (ARE)	<p>Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis</p>	

<p>American Council on Renewable Energy (ACORE)</p>	<p>Renewable Energy Sector Letter to Congress on the COVID-19 Pandemic</p> <p>ACORE CEO Greg Wetstone Testifies Before Congress, Highlights Sobering Toll of COVID-19 on Renewable Energy Jobs and Calls for Immediate Action</p>	
<p>Climate Action Network (CAN)</p>	<p>CAN Position: Fundamentals for Recovery & Economic Stimulus Packages in response to Covid-19, May 2020</p>	
<p>Dulas</p>	<p>Keeping the nation’s lights on and the water flowing: the Dulas keyworkers</p> <p>Navigating the Development Planning System During Lockdown</p>	
<p>ECOWAS Centre for Renewable Energy and Energy Efficiency (ECREEE)</p>	<p>Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis</p> <p>How clean energy can power a COVID-19 recovery</p> <p>Women leaders call for action in response to Covid-19: Opening opportunities for gender equality in the transition to sustainable energy</p>	
<p>EKOenergy</p>	<p>Ten things we can learn from the corona crisis</p> <p>#EUGreenRecovery to restart Europe</p>	
<p>ENEL Green Power (EGP)</p>	<p>Wind Power a cornerstone of the Global Economic Recovery: “Re-building Better” for the future</p>	

ENERGIA	Women leaders call for action in response to Covid-19: Opening opportunities for gender equality in the transition to sustainable energy Energy access and clean cooking solutions must be part of Covid-19 economic recovery plans	Gender and energy at center stage in COVID-19 battle: Powering a more gender-equal recovery
Energy Watch Group	Newsletter March 2020 - How the Coronavirus Could Impact Climate Change	
European Geothermal Energy Council (EGEC)	#EUGreenRecovery to restart Europe An inclusive Green Recovery Plan covering all renewable energy solutions	
European Renewable Energies Federation (EREF)	#EUGreenRecovery to restart Europe Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis	
Falck Renewables	Emergenza COVID-19 Wind Power a cornerstone of the Global Economic Recovery: “Re-building Better” for the future	
First Solar	COVID-19 Updates - Message from CEO	
Global Wind Energy Council (GWEC)	Wind Industry and COVID-19 Response Hub Wind Power a cornerstone of the Global Economic Recovery: “Re-building Better” for the future Five key success factors for a Green Economic Recovery...and Five Key Tasks for the Wind Industry	

Global Women's Network for the Energy Transition (GWNET)	Women leaders call for action in response to Covid-19: Opening opportunities for gender equality in the transition to sustainable energy	
Gold Standard	Supporting stakeholders through the coronavirus crisis	
Greenpeace International	Covid-19: compassion, cooperation, courage, choice	
Hivos	Covid-19: An unprecedented moment in an unprecedented time The COVID-19 crisis requires national and international solidarity Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis Energy access and clean cooking solutions must be part of Covid-19 economic recovery plans	Gender and energy at center stage in COVID-19 battle: Powering a more gender-equal recovery
Iberdrola SA	IBERDROLA'S GLOBAL RESPONSE TO COVID-19 Op-Ed: Protect People and Safeguard Jobs Wind Power a cornerstone of the Global Economic Recovery: "Re-building Better" for the future	
International Council for Local Environmental Initiatives (ICLEI)	COVID-19 Resources	
International Hydropower Association (IHA)	IHA and COVID-19 Joint Statement by Hydropower and Generator Associations on Covid-19	IHA position paper - Strengthening sustainable hydropower to support the Covid-19 recovery

International Network for Sustainable Energy (INFORSE)	Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis	
International Renewable Energy Agency (IRENA)	Staying on Course: Renewable Energy in the Time of COVID-19 Call to Action in Response to COVID-19: Renewable Energy is a Key Part of the Solution Women leaders call for action in response to Covid-19: Opening opportunities for gender equality in the transition to sustainable energy	Global Renewables Outlook: Energy transformation 2050 Post-COVID recovery: An agenda for resilience, development and equality
Mainstream Renewable Power	Wind Power a cornerstone of the Global Economic Recovery: “Re-building Better” for the future	
National Solar Energy Federation of India	Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis	
Nature Conservancy	A Message on the COVID-19 Pandemic	
Novozymes	How Novozymes responds to COVID-19/Coronavirus Statement from Novozymes’ CEO Ester Baiget on our commitment to employees, customers and communities during COVID-19 pandemic	
Ørsted	Ørsted provides COVID-19 update Wind Power a cornerstone of the Global Economic Recovery: “Re-building Better” for the future	

Power for All	Repurposing the COVID-19 Response for SDG 7 Powering Health across Africa through COVID-19 and a Changing Climate	
Practical Action	Coronavirus Update Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis	Gender and energy at center stage in COVID-19 battle: Powering a more gender-equal recovery
RE100/The Climate Group/CDP	The Climate Group - Coronavirus update	
Regional Center for Renewable Energy and Energy Efficiency (RCREEE)	COVID-19 and Energy Transition: Green efforts for post crisis recovery	
Renewable Energy and Energy Efficiency Partnership (REEEP)	Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis REEEP's Covid-19 Response	
Renewable Energy Institute	Letter: Let's not waste this chance to transition to an environmentally sustainable future Towards "Green Recovery": Overcome the coronavirus crisis and tackle the climate crisis The Coronavirus Crisis and the Climate Crisis - A Test for Japan's Strategic Response Capabilities Wind Power a cornerstone of the Global Economic Recovery: "Re-building Better" for the future	A Series of Disasters Shows How Renewable Energy Helps Us, Now Is the Time for a Japanese 'Green New Deal'

<p>Renewable Energy Policy Network for the 21st Century (REN21)</p>	<p>COVID-19 Renewables Hub</p> <p>REN21 & COVID-19: A message from the Director</p> <p>Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis</p> <p>Request to Adapt European Energy Planning Scenarios' unites stakeholders on need for high-RES energy scenarios</p>	<p>Renewables 2020 Global Status Report</p>
<p>Renewables Grid Initiative (RGI)</p>	<p>RGI calls for a sustainable stimulus plan around the Green Deal in the design of the European Recovery and Reconstruction Package</p> <p>Request to Adapt European Energy Planning Scenarios' unites stakeholders on need for high-RES energy scenarios</p>	
<p>RenewableUK</p>	<p>Energy sector workers are carrying out vital work in Coronavirus pandemic</p>	
<p>RES4Africa Foundation</p>	<p>Covid can't, and won't, stop us</p> <p>The way forward in post-Covid times: renewables</p> <p>Europe's climate commitment can support Africa's Covid response</p> <p>Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis</p> <p>Wind Power a cornerstone of the Global Economic Recovery: "Re-building Better" for the future</p>	<p>The impact of Covid-19 on Africa's energy sector</p>
<p>Rocky Mountain Institute (RMI)</p>	<p>Rocky Mountain Institute Statement on the Coronavirus Situation</p>	<p>Green Stimulus and Recovery</p>

Ryse Energy	Call to Action: Roadmap for the DRE sector to survive and flourish in the wake of the COVID-19 crisis	
Siemens Gamesa Renewable Energy	A notice about COVID-19 Wind Power a cornerstone of the Global Economic Recovery: “Re-building Better” for the future	
SolarPower Europe	#EUGreenRecovery to restart Europe SOLARPOWER EUROPE COVID-19 UPDATES	Global Market Outlook 2020-2024
Syndicat des Energies Renouvelables (SER)		Les énergies renouvelables : un levier de la relance économique
Trina Solar	Trina Solar and COVID-19: Your safety is our top concern	
Vestas Wind Systems	Vestas’ COVID-19 pandemic response and mitigation setup Post-COVID-19 recovery must prioritise sustainability Accelerating sustainable solutions, for both climate and economy Wind Power a cornerstone of the Global Economic Recovery: “Re-building Better” for the future	
WaterPower Canada	WaterPower Canada COVID-19 Response Measures Joint Statement by Hydropower and Generator Associations on Covid-19	
World Bioenergy Association (WBA)		COVID19 and Bioenergy: Impacts and future outlook

World Future Council (WFC)	THOUGHTS ON THE COVID-19 PANDEMIC Covid-19: The World Future Council’s Call on Governments, Multilateral Organisations, Leaders and Policy-makers of the World to Take Action	Making Societies More Resilient! The Role of Renewables in COVID19 Recovery Packages
World Resources Institute (WRI)	STATEMENT: WRI Statement in Response to COVID-19 Building Back Better After Coronavirus (COVID-19)	
WWF International	A crucial opportunity for change following the COVID-19 pandemic Reflecting on Ambition in the era of COVID-19	
Yellow Door Energy	Response to Covid-19
